FEEDING DIRECTIONS

Nature's Trail Poultry Starter is a complete feed specially formulated to meet the nutritional requirements of broiler and pullets.

Broilers should be fed the starter feed from 0 to 3 weeks of age.

Pullets should be fed the starter feed from 0 to 6 weeks of age.

Provide plenty of fresh clean water at all times. Feed, water, light, temperature and air quality are all important factors in the growth, production and success of your birds. For a more specific feeding program, please contact your Keystone Mills Feed Consultant.

CAUTION: Do not feed supplemental selenium in excess of 0.3 ppm in the total nutritional diet.
