## FEEDING DIRECTIONS

Nature's Trail Poultry Grower is a complete feed specially formulated to meet the nutritional requirement of broilers and pullets. Broiler should be fed the grower feed from 3 to 6 weeks of age. Pullets should be fed the grower feed from 6 to 17 weeks of age. Provide plenty of fresh clean water at all times. Feed, water, light, temperature, and air quality are all important factors in the growth, production and success of your birds. For any questions concerning your feeding program, please contact your Keystone Mills Feed Consultant. CAUTION: Do not feed supplemental selenium in excess of 0.3 ppm in the total nutritional diet.
